Education

BOĞAZİÇİ UNIVERSITY

Istanbul, Turkey

Industrial Engineering

Graduation: June 2025

Thesis: Designing a Pattern-Based Clustering Approach for Dynamic Simulation Output

GPA: 3.33

Certificates: Effective Speaking · Web Scraping with Python · SQL (Intro & Intermediate) · Understanding ChatGPT / GenAI

Experience

TURKISH FURNITURE MARKET

Kampala, Uganda / Istanbul, Turkey

Founding Manager

June 2023 – Current

- ❖ Led end-to-end business development: go-to-market strategy, legal entity formation, brand identity, investor relations, and P&L ownership for a multi-million-dollar revenue luxury furniture company operating across East & Central Africa.
- ❖ Established Kampala production workshop using lean manufacturing (5S, waste reduction, workflow standardization); managed 25+ employees, international procurement, quality control, and export logistics.
- ❖ Built and deployed a full-stack product catalog and e-commerce [website](#) (responsive UI/UX, CRUD database, CMS); designed 12 high-end residential projects using AutoCAD, SketchUp, and D5 Render; built and delivered 7 of them.

TRADETURK

Istanbul, Turkey

Operations Manager

January 2023 – Current

- ❖ Managed full-cycle international trade operations, including supplier vetting, quality inspection, freight forwarding, customs clearance, and last-mile delivery, for Turkish exports across 30+ countries.
- ❖ Developed a live-data B2B [website](#) with real-time inventory tracking and automated order workflows; established an independent commodities trading branch (coffee, sugar) targeting 450+ container shipments by end-2026.

IDA PROCESS CONTROL AUTOMATION

Istanbul, Turkey

IT Intern

July 2024 – September 2024

- ❖ Developed multi-language algorithms & programs for sensor time series data interpretation, and structured storage in relational databases; designed a full SCADA/HMI interface integrating PLC protocols for factory floor automation and process monitoring. Developed skills in network configuration, DB management, and project design methodologies.

Skills & Interests

Programming & Scripting: Python (OOP, Procedural, NumPy, Pandas, Matplotlib, Scikit-learn, BeautifulSoup/Scrapy) · R / RStudio · SQL (PostgreSQL, MySQL) · JavaScript · HTML/CSS · PHP (Basic) · PowerShell (Basic) · Bash (Basic)

Data & Analytics: Machine Learning (supervised/unsupervised, clustering, regression, classification) · Time Series Analysis & Forecasting · Statistical Process Control (SPC) · Regression Analysis · Data Wrangling & ETL · Exploratory Data Analysis

Simulation & Modeling: Discrete-Event Simulation (Arena) · System Dynamics / Stock-and-Flow Modeling (Vensim) · Agent-Based Modeling (NetLogo) · Monte Carlo Simulation · Stochastic Modeling · Scenario Analysis

Optimization & Operations Research: Linear Programming (LP) · Integer Programming (ILP/MIP) · Nonlinear Optimization · Stochastic Optimization · Graph Algorithms · Network Flow · Heuristics & Metaheuristics

Software Development & Infrastructure: Full-Stack Web Development · REST API Design · Responsive UI/UX (Figma, CSS) · Database Design & CRUD · Git/Version Control · Cloudflare · Vercel · SCADA Systems · PLC Integration

Design & Visualization: AutoCAD · SketchUp · D5 Render · Photoshop · Inkscape · Canva · Figma

Business & Productivity: Excel (Advanced formulas) · PowerPoint / Word · Process Mapping & Flowchart Design

Domain Knowledge: Supply Chain Management · Lean Manufacturing · International Trade · ERP/MRP Concepts · Product Lifecycle Management · GDPR / Turkish KVKK Privacy Law · Financial Modeling & Accounting · Risk Assessment

Leadership, Management & Communication: Cross-functional Team Leadership · P&L Ownership · Stakeholder Management · Strategic Planning · Entrepreneurship · Vendor & Supplier Relations Business Presentations & Public Speaking · Technical Writing · Negotiations & Client Relations · Multicultural Team Management · English (Business & Academic)

Interests: Playing Drums and Electric Guitar, Composing, Chess, Cooking, Digital Arts (2D&3D), Photography, Swimming
